ABOUT MALCOM TODD

Malcolm Todd, Los Angeles-based singer, songwriter, and guitarist, is one of the most compelling young voices in pop today. He threads classic songcraft and internet-shaped sensibility through a modern R&B lens, pulling as much from Paul Simon as the sensual minimalism pioneered by Prince. Todd broke through with his debut project Sweet Boy, followed by his 2025 self-titled debut album, earning widespread critical acclaim for his sharp songwriting, production, and deeply personal lyricism. Since then, he has amassed more than 39 million monthly Spotify listeners, earned his first Billboard Hot 100 hit with "Chest Pain (I Love)," and received RIAA Platinum certification for "Earrings" and "Chest Pain (I Love)." His rise established a growing live presence with stops on Jimmy Kimmel Live! and festivals such as Lollapalooza, Outside Lands, and Camp Flog Gnaw. Most recently, Malcolm starred alongside actress Inde Navarrette in Gap's Fall 2026 "Denim on Your Own" campaign, putting his own spin on Robyn's hit song "Dancing on Your Own."

Todd's second and most accomplished album, Do That Again, captures the ups and downs of a 22-year-old who is having the time of his life and, somewhere in the back of his mind, just a little bit down bad. The record debuted at No. 5 on the Billboard 200 and scored a streaming sweep, with all 13 tracks charting on the U.S. Spotify Chart, amassing 277 million global streams since release. The momentum continues this fall with Malcolm's sold-out North American Do That Again Tour, selling more than 145,000 tickets during artist presale alone, prompting 11 additional dates. The tour kicks off September in Irving, Texas, and includes two nights at Radio City Music Hall in New York City and three nights at the Greek Theatre in Los Angeles.

REVIEWS

On Malcolm's first Australian tour in 2026:
"Malcolm Todd is, without question, an artist to watch. His ability to blend humour, musicianship and authenticity positions him as a refreshing force within the current music scene. If this Melbourne sideshow is any indication, it won't be long before his name is firmly on everyone's lips."
- Scenestr

On Malcolm's debut Like a Version performance with triple j:
"Feel the fuzzies with Malcolm Todd as he performs 'I Saw Your Face' in the Like a Version studio. Taken from his second album Do That Again, it sounds just as smooth live as it does coming out of the speakers."
- Triple J

On Malcolm's latest album 'Do That Again':
"Malcolm Todd is a rising star with a sweet, lilting voice and a knack for intimate popcraft...Todd wears his realism well, finding a nice mix between earnestly romantic and achingly self-aware. The album teams with moments like this, bits where the music might evoke a modern homespun permutation of greats like Hall & Oates or even Prince, and the lyrics add new wrinkles to classic pop heartbreak."
- Rolling Stone

★★★★

QUIZ Which Malcom Todd song are you?

1. Malcolm Todd just announced a show in your city so it's time to start outfit planning. What's your vibe?

A My 'I heart Malcolm Todd' top + my new jeans + my earrings (of course)

B Early 2000s core

C Baggy jeans + a vintage tee for the "I just threw this on vibe" (it took me 3 hours)

D Cute & comfy because I WILL be getting emotional

2. Your biggest flaw?

A I get a little … obsessed

B I can't help but be the main character

C I always think I'm right, even if they're never wrong

D I'm okay, but only til tonight.

3. A crush texts "hey." You immediately:

A Reply instantly and then regret it

B Start to wonder what they dream about

C I don't want to talk, we don't gotta fight

D You're busy, so you miss the text until its too late to reply

4. The concert ends, what's your immediate move?

A Find the person you were flirting with. Obviously.

B Convince everyone to go somewhere random because the night can't end yet.

C Post a story that is absolutely targeted at one specific person.

D Go home, stare at the ceiling, and replay the entire night in your head.

Mostly A
OBSESSICA

You saw one attractive person and immediately developed a full-time fixation. You came from Malcolm Todd, but you left with 6 new crushes and no more storage on your phone because you took so many photos.

Mostly B
MALCOLM IN THE MIDDLE

You're permanently caught somewhere between romance, chaos, and a questionable side quest. You keep people on their toes – nobody knows your next move. Least of all you.

Mostly C
MR. INCORRECT

You know exactly what you should do, and yet you do the complete opposite. You have a tendency to complain, but at least you always look cool.

Mostly D
SWEET BOY

You're the expert at pretending you're fine while being extremely not fine. You've got a tough exterior, but the cracks start to show when you're home alone.
