

## DRIVING

If you are driving to Auckland city from the North or the South via State Highway 1, take the exit signposted “PORT” (East 16).

- From the North, this is Junction 426B
- From the South, this is Junction 429B-C.

From the South, the motorway junction can be a little confusing: The left hand lane is signposted “Symonds Street”, so stay in the second from left lane which is signposted “Wellesley St” and “Port”, and then follow “Port”.

Follow SH16 to the bottom of Grafton Gully as shown on the above map in RED arrows. Our recommended drop-off point is on Quay Street, which also offers the best access to many of our local car park buildings (when travelling East-West), so we recommend that you continue straight on at the bottom of Grafton Gully after the tennis centre, then go straight through the lights underneath the railway bridge, follow The Strand around until it joins Quay St, and then turn LEFT at these lights along the waterfront (see the red arrows above).

Our recommended drop-off point is by the base of the pedestrian railway overbridge at the end of our building. The bridge has stairs and is also ramped for pushchairs and disabled access. Entrances to car parks in Tapora St, Tangihua St and Britomart are found a little further along Quay St as you continue West.

## WALKING FROM PUBLIC TRANSPORT

Britomart Transport Centre is shown above with the purple dashed line, and is a 10-15 minute walk along Quay St or Customs St East.

- P1** NGAOHO PLACE (outdoor)  
120 spaces
- P2** ARENA CARPARK (indoor)  
Tapora Street  
500 spaces, 20 disabled spaces
- P3** BRITOMART PLACE (indoor)  
1250 spaces, 30 disabled spaces
